## **My Spiritual Dream**

What can bring people of all races, cultures and heritage together under one happy banner? God's Spirituality. One of the things I love most about spirituality is that I am free to be me. I am free to pursue God in whatever way works for me, while holding on to my culture and identity. It's beautiful and wonderful when people of all walks of life can come together for the sole purpose of worshipping God, calling the Creator by whatever name they choose, presenting themselves in their own manner without fear of being judged or rejected. I believe in my heart that mankind will one day reach this point and my only hope is that I live to not only see it but be a part of it.

# Introduction

Some amazing things will happen to our nation in the next ten years. Technological advancements will elevate our nation and society to a whole new level. The coming years will see the intelligence of mankind broadened and a moving away from traditional religion in favor of less stringent spiritual systems that utilize spiritual integration. Scientist faced with global warming will experiment with environmental engineering and weather manipulation. Politics will go through a transformation as a new breed of politicians takes the helm of the nations governments.

This book presents a rare glimpse into the future from a spiritual perspective. Every attempt has been made to conform to the standards of the publishing industry but at times have had to deviate in order to retain the spirit of the work. There are ten sections in this book each covering a specific year starting with the year 2009 and ending with 2018. In each section of the book you will find a prelude and something very special, a break down of the year by the four seasons.

This book presents the four seasons from a spiritual perspective which is God's time. In God's time a day may be a year and a year one thousand years. The seasons don't follow the calendar months. A spring in God's time could be one second or six months. A summer could be one week or one month. There is no set time in God's time, all things flow according to His Divine Will. When you look at the seasons in this book think of them in accordance to God's time.

I hope you will find this book both insightful and inspiring.

2017	Great rebuilding, unity, renewed vision.
2018	Renewed prosperity and strength.

## **Prelude to the Year 2009**

*Revelations 17:17*

*"For God hath put in their hearts to fulfill his will, and to agree, and give their kingdom unto the beast, until the words of God shall be fulfilled."*

Every since the birth of this nation the President's have worked for industries, corporations, private interest and served the powerful secret elite of this country. For many years legislation and projects have been done which have benefited "special friends" of the Presidents. George W. Bush is the last of these type Presidents. The nation has been raped, robbed and sucked for all it had, there's nothing left but crumbs. The powerful elite of this nation know that this nation is headed for a period of deterioration with nothing left to gain. The next President for 2009 will inherit a mess and will be sort of like a fall guy for when things begin to crumble. Which is why the Presidential race is full of unlikely hopefuls, there are no heavyweights running in this race because they know that 2009 through 2014 will not be good for the presidency. It doesn't matter who becomes the next President they will still be inexperienced for what they must face.

## **The Year 2009**

The year of our God 2009 is a special year for America because it brings a new President and a new age of uncertainty and darkness. As the sacred cycles turn, America falls into a decline, while the new President and the people of this nation climb to their destiny. The Divine hand of God touches down in the affairs of man and a bond is established between the President and the people.

The year opens with celebration as the new President makes inaugural vows to the people in the name of God. In former times President's have given these same vows and broken them but in this year 2009 God will not be mocked. God is holding the President and the people who elected them accountable for what is promised, expected and what actually happens. The bond will be made tight. The inexperienced President receives what they asked for, the chance to lead, even if it's down the wrong path. The people will receive what it asked for, a change in leadership, even if it's inexperienced leadership which sends the nation in danger.

The new President will be a bit conceited but will have good intentions and a good heart. They will have a sincere desire to want to help this nation. However, they will not be equipped to handle what takes place in this nation. They will be inexperienced for the responsibility they must carry.

An inexperienced President will take charge, make the inaugural vows, and arouse the people. The new age will have begun. The new President will make mistakes which puts America in danger. Experienced leadership will have to step in and correct the dangerous mistakes. The inexperienced leadership will scramble for solutions and come up with the Big Idea which is part of an age old

Ultimate Plan, which it will push to anyone who will listen, with the ultimate goal of recouping lost faith.

#### Winter 2009

Winter is a fascinating season because it represents life and death, calm and treachery. The old guard lies dormant and lifeless under the snows of former times, trampled on by the masses that are on their way to celebrate the emergence of the new guard. The words spoken during the official vows will go forward to accomplish a Will and return in the form of danger and difficulty. Yet it is not so much the words carefully orchestrated in vows that mean so much but the force which drives them, the state of the heart, and the intent of the mind. From the abundance of the heart the mouth speaketh. The question of the winter season is "What is in the leadership's heart?" Time will tell as it always does.

#### Spring 2009

The March winds blow and no one knows which way it will go, all are at its mercy as it whirls out of control. So will be the affairs of man. America is cast into danger, God will not be mocked. The bull has been unleashed and no one can stop it. Prosperity will flee like a bird as dark times descend upon the nation. But this descent is in accordance with God's Divine Will, a natural event that must occur for prophecy to be fulfilled. What goes up must come down, this is a universal law that even America cannot escape. Broken vows, misguided masses and inexperienced leadership are all part of the bigger plan. Nothing can stop the descent of this season.

#### Summer 2009

The sun rises high and closer to earth and casts its illuminating light upon America. Truth is revealed. This is the summer of shattered illusions as the masses begin to realize that leadership is not what they thought. Deals will be made in secret that will perpetuate the lingering danger which

looms over America. The unbreakable bond between leadership and the masses grows stronger as both share in a season ripe with anxiety, each anxiously looking to the other. Experienced persons will rise to the occasion to try and stop the bull. The people may or may not be privy to the deals made in secret but God see's all and will remember.

Fall 2009

Fall is the season of deep contemplation and this is exactly what leadership will do. Birth to the Big Idea will take place that will be proposed to all who will hear. But the masses will be in a state of contemplation as they weigh the mistakes made and the heavy price they will have to pay. Can there be faith in a broken image? Can there be trust in inexperience which as already brought danger?

## **Prelude to the Year 2010**

*"God alone knows the secret plan of the things he will do for the world using my hand."*

*Toyohiko Kagawa*

When difficulties are upon you it seems there is no way out and all is hopeless on your part. However, we must always remember that there is a Higher Power, much higher than any official, system or law of man. It is to this higher power that we must make our appeal. Through it all, it is God who sustains us and grants us mercy to make a narrow escape from the cascading problems that beset us.

It is important that we pray constantly during difficult and good times. The prayers of yesterday could be our deliverance and salvation from the difficulties of today. Everyday I ask that not my will but God's will be done in my life. I submit myself to the Creator to use as He sees fit in His Divine plan for mankind. We have trouble in our life when we persist in having our way, doing as we please and indulging in our own wants and desires. Our ambition should be God's will. Every one of us has some Divine purpose for being on this earth and if we would take time out to listen to the Divine voice from within side of us, we will hear His Divine orders for our life. No life is mundane when it is lived in the spirit.

# The Year 2010

*Isaiah 55:11*

*" So shall my word be that goeth forth out of my mouth: it shall not return unto me void, but it shall accomplish that which I please, and it shall prosper in the thing whereto I sent it."*

The Vows of the previous year are revisited upon this year of our God 2010. Words have a way of coming back to haunt.

The year begins with a gentle wind surrounding the Big Idea/Ultimate Plan of President. There is a potential for the President to broaden their field of influence as they solicit support, to include all of mankind. Modesty and confidence are essential for success even though everything else is in a state of fear, unrest and near riot. Emotions become like the waves of the ocean, crashing and falling. Mankind is reminded during these turbulent times that God is the Highest Power of the Universe and the only hope is to place their trust in God. Fear no man or what man creates.

There will be rough times in this year with conflict and a resounding defeat of some sort assured. Enemies are apparent and have to be dealt with. Confrontation is unavoidable. A sacrifice will be made as the leadership and the enemies meet but there is a bigger plan to be revealed. Careful is the eye which watches during these times and see's the sacrifice coming and the Ultimate Plan unfold.

The new President is encouraged to think through a problem before taking any action, this is not the time for hasty decisions. The best defense is preparation. The Presidents spouse will be a close partner and solid ally during the rough times.

## Winter 2010

The winter of 2010 has an extra icy chill as the pitiless cold winds of reality penetrate to the bone. All is dormant and the only thing trying to spring to life is Chaos. Vows return from the winter season of 2009 to haunt the speaker and remind the listener. The danger from 2009 continues and is perpetuated and grim reminders of mistakes made last year hang every where like the web of a spider. The dormant old guard quake in their cold icy graves of discontent and ineffectiveness. The questions from the winter of 2009 are answered in this season as the nation prepares for another year of rough times and difficulty.

## Spring 2010

Spring is the season of birth but in this season, the seedling is crushed before it takes it's first breathe. Such is the affairs of man. Hope is stamped out before it can even grow in the bosom as events spin out of control. Overwhelmingly rough times run rampant as leadership stands by powerless. Defeat looms over America. A shameless, sorrowful defeat. It is from defeat that lessons are learned and things grow. God demands that America learns from its past and grows in a new direction.

## Summer 2010

Danger is out in the open, obvious for all to see and greater than in years past. The danger has been escalated by a series of rash actions by inexperienced leadership. The enemies are no fools and leadership has played into their hands giving them the victory they have sought after. The enemy now has the upper hand and a perplexed leadership begins to look at a serious reassessment. The times are so uncertain that consequences for actions made must be reviewed and prepared for.

Fall 2010

The season ends with contemplation. A meeting is called and a sacrifice is made for the Ultimate Plan. This time, advice will be sought and will make a difference. The circumstances will improve and a promise of renewed progress will be formulated. All will breathe a sigh of relief as the danger is reduced but still lingers.

## **Prelude to the Year 2011**

Being tried in the fire is a natural process that the spiritual person will go through many times for as long as they walk in the flesh. When you start your spiritual journey, expect to be tried in the fire.

Being tried in the fire means going through something, something which attempts to shatter your entire being, crush you or make you abandon your spiritual pursuits. Like Christ when he went to the depths of hell to take the keys and set the captives free. So, shall you go into the pits of hell to set your own spirit free from the shackles of the soul and body. The result is spiritual growth. Every time you go through the fire your spirit grows. Spiritual growth is what moves you from the lower man to the higher man.

# The Year 2011

*Revelations 3:18,19*

*"I counsel thee to buy of me gold tried in the fire, that thou mayest be rich; and white raiment, that thou mayest be clothed, and that the shame of thy nakedness do not appear; and anoint thine eyes with eyesalve, that thou mayest see. As many as I love, I rebuke and chasten: be zealous therefore, and repent."*

A false sense of peace will prevail in the year of our God 2011. It is a year that will be spent in waiting. Leadership has made its move and now the nation waits to see what will happen. This is the year when God makes the nation sweat it out before launching it further into its destiny. The calm before the storm. The worry before the crisis. Things are no longer under the control of man. A threat hangs over America and a major decision waits to be made by leadership. The danger is still present and the people have become paralyzed with fear and anxiety.

There are those who are waiting for the world to come to an end in 2012 and/or catastrophes to take place. Fear mongers and opportunist are taking advantage of this great fear to push their products and pitch their sales to the unfortunate souls who will fall for this. The truth of the matter is this; the world will not come to an end. There will be strife and pronounced deterioration.

Winter 2011

A chance will be taken on pertinent information not disclosed to the people. Leadership will have to sit and wait for their game to play out with their enemy before results are seen. It is a gamble but such are the times. It is a pitiful state of politics when national decisions are made from the throw of the dice. There is a danger that a leak will be made and all

their plans exposed. Leadership will sit on eggshells for this season hoping and waiting for the best.

#### Spring 2011

The spring brings powerlessness and continued waiting. The biggest task is maintaining patience and keeping the fears of the people calmed, as time passes there is the risk of near breaking riots. There are no absolutes in this pitiless waiting game and so all must endure a season of uncertainty. Anxiety, impatience and fear are a dangerous mix; these are the attributes of a Godless people who have no faith or courage. This is what the people will be reduced to with the exception of a few who will remain strong in the Holy Spirit.

#### Summer 2011

The summer of emotions has arrived bringing with it some turbulence. A hot turbulent summer in which there is too much aggression, impatience and over assertion. The nation becomes restless in the sweltering summer heat. It is as if Satan has moved Hell to America for the summer. An evil summer of discontent.

#### Fall 2011

Conflict and struggle, vows and promises are made. Emotions spill over to actions and the nation enters into conflict. Usually a time of seriousness and contemplation this fall of 2011 is a season of national unrest as struggles become pronounced. More and more people have moved away from God and are under the control of Satan and his henchmen and women.

## **Prelude to the Year 2012**

The world will not come to an end as mankind has predicted. God will not let us off that easily. I restate, no one knows when the world will end but God. Why people become so obsessed with the world's annihilation is beyond my comprehension. In the year 2036 people will still be speculating on when the world will end instead of living each day to its fullest and to the glory of God.

The year 2012 will see the deterioration and rapid decline of America but this will not come from external forces but from the strife, divisions and discontent within. America has ceased trying to please God and for too long has tried to please the millions of people who comprise it. It is impossible to please everyone. It is the very people of America that will claw and tear down her infrastructure.

## **The Year 2012**

Finally the long sought after year 2012 the year of our God has arrived.

This is the year of the great deterioration of America as a nation. A culmination of years of widening gaps will come to a climax as the disparities become sickening. As a result, the nation will be filled with turmoil and dissatisfaction. The many opposing sides will clash and the self righteous will be crushed in both.

Those who remain steadfast to God and Spirit will not take sides and avoid the great deterioration. In the end only the spiritual and the neutral will be able to survive the year 2012. This is also a year that will witness a great outpouring of charity and generosity. Those who are faithful to God in spirit will experience Divine gift from God which will sustain them on through 2018.

### **Winter 2012**

The year 2012 begins like a shinning light, a new dawning; a new age is being ushered in. The winter holds a fleeting moment of hope and happiness from the prior year's events. The masses have focused their new hope on the new regime. Leadership takes the helm but is yet again inexperienced for what their term will bring. Again, the nation as a whole is inexperienced for what it must endure. The people are holding their breath in anticipation of predicted events that of course will not happen.

### Spring 2012

The ice cold winds of winter will usher in an unusually chilly spring. Treachery rears its ugly head and will rob the light from the nation. Hope and happiness will dim away into delays and frustrations. Satan has poured out all of his power upon the nation and a great deterioration is beginning to take place. The nation has proven that it is worthy of Satan's interest. Yet, there are those who are still holding onto their faith in God. This is the year when the wheat will be separated from the tare. Those who are weak in God will fall away.

### Summer 2012

This is the summer of passions. Passions will grow out of control and become like a consuming fire. There will be those who are passionate for God and will strive hard to be spiritually minded during these times. There will be those who are passionate in their pursuit of material gain and this summer will see them go to great lengths to get what they want. There are those who are passionate about ideals that will become deadly.

### Fall 2012

The summer of passionate flames will give way to trouble and anxiety as reality is revealed. Fears will rise up as plans are thrown into disarray. Usually fall is the season of decline and contemplation. The decline of this season will be unparallel as the nation falls apart. This is the season of devastation and ruin.

This will be a trying time for those spiritual persons of God, as many will become disillusioned and reprobates.

## **Prelude to the Year 2013**

The Phoenix is an ancient Arabian bird which is symbolic of fire, immortality and resurrection. They say it lives for a long age before it burns itself to ashes, after three days it rises back to life again. When it departs from the world it is said to bring calamity. The ancients believed that the Phoenix renews itself every 1,000 to 7,000 years. America is like the Phoenix, like fire it's a driving force in the world and like the sun a light among all mankind. Unfortunately, like the ancient Phoenix the nation will burn itself out but rise up again into a mighty superpower.

# The Year 2013

*Luke 6:39*

*"And he spake a parable unto them, Can the blind lead the blind? shall they not both fall into the ditch?"*

This is the year of our God 2013 and it is a year of inexperience and conflict. Once again America is in the hands of the inexperienced. Arrogant in their inexperience, foolish and blind to what is really going on around them, blind to the immense responsibility they have taken over. America herself is inexperienced for what the year will bring and will suffer as a result.

This is the year of conflict and difficulty when disparities become enormous, gaps widen, and divisions grow further apart causing a war like state. Nothing of this nature has happened in America since the Civil War of the 1800s the modern mindset is not adapted to cope with such conflict on domestic soil. Inexperienced leadership is hard pressed to control it. To take sides is to loose, to remain steadfast in God is to win.

The year 2013 is a year when leadership must be courageous, flexible and quick thinking. It will take courage to gather the ashes of the nation and attempt to rebuild a semblance of order and peace.

Winter 2013

The cold winter is spent in deep contemplation on what action to take. There are enemies all around and they themselves are surrounded by enemies. A confrontation is unavoidable and so this winter season is spent strategizing, planning on how to win. Not just one faction but many are doing this. God the all powerful looks down upon all of man's futile plans as they all play into His hands. Sometimes

it takes the creation of many different paths in order to get people on the right road.

Mothers gather bread while fathers put up boards; children are given warning to be careful. The families gather and make their homes a fortress, inside they will go until the coming storm has come and went, and they want no part of the evil that is coming.

Spring 2013

This is the season of disarray when communications breakdown, boundaries are crossed, weapons are harnessed prepared for immediate defense. This is a spring of hate and evil, enemies clash, people against people, everyone has a vendetta. God's people have seen this season coming and have prepared. They sit in their homes and pray in the darkness while outside confusion goes constantly. Some think this is the end of the world and so prepare to meet their maker. Some think this is Armageddon and so look for Christ's Army. Others will be glad when it's over, so that they can move on.

Summer 2013

The people are consumed with conflict. It is a summer of sweltering intense riot and Chaos. There will be so much hate and discord that it will seem as if a hot smoldering chunk of hell itself has been cast down upon America. The inexperienced leadership will have no idea how to contain the Chaos and will often or not become a part of the Chaos.

A woman's voice will cry out during this summer season to try and bring reason but the masses have become consumed each with their own passions and self righteousness to the point of deafness.

Fall 2013

Amid the Chaos and Confusion something will take place that will cause mankind to shutter. The Divine hand of God will dip down into the affairs of man. All eyes will be cast at the awesome display of God. All minds will be in amazement of what they are beholding. Minds wiped clean of hate and conflict and focused on the Divine Intervention before them.

Conflict is brought to a halt and circumstances change almost over night.

## **Prelude to the Year 2014**

Some people do not want to die but rather to live forever. This is the yearning of the flesh and soul combined. They hate change because change moves them further along when they are content with sitting still. Change is never to be feared by the spiritual person, it is a natural flow of the order of things in the cosmos. The whole of creation is based upon change. We live in a world of evolution, we are beings of evolution, it is impossible for us to stand still and not evolve. Change is like a sweeping wind constantly changing us and the world.

There are those who resist change and in their minds they think they are winning by holding back progress but in reality they are sealing their own doom.

When a person does not embrace and move with winds of change in their life they become stagnated. Stagnation is an attribute of decline which means that person has unwittingly self induced decline into their own lives! Of course the natural order of things will take its course and soon that person in their own stubbornness will become dormant like the winter season with no growth, movement or activity. If change is still thwarted they will eventually end with death of the matter. The political arena, entertainment industry and religious world is full of tragic stories in which persons would not accept change and so died down to nothing, forgotten, alone and deserted by those who did accept the change and moved on abandoning them to their own self inflicted doom.

The spiritual person must be poised for change at all times. Nothing stays the same. However, the spiritual person will have instinct to guide them in process of change. Change must come about naturally and flow through its own course. This is the natural order of the things in God's cosmos.

# The Year 2014

*Ecclesiastes 1:4-11*

*One generation passeth away, and another generation cometh: but the earth abideth for ever. The sun also ariseth, and the sun goeth down, and hasteth to his place where he arose. The wind goeth toward the south, and turneth about unto the north; it whirleth about continually, and the wind returneth again according to his circuits. All the rivers run into the sea; yet the sea is not full; unto the place from whence the rivers come, thither they return again. All things are full of labour; man cannot utter it: the eye is not satisfied with seeing, nor the ear filled with hearing. The thing that hath been, it is that which shall be; and that which is done is that which shall be done: and there is no new thing under the sun. Is there any thing whereof it may be said, See, this is new? it hath been already of old time, which was before us. There is no remembrance of former things; neither shall there be any remembrance of things that are to come with those that shall come after.*

The change winds blow over America. A change has finally come. It is the breath of God, clearing the land of regret and strife. America begins to progress again. The people have changed, the leadership has changed, the nation as a whole has changed. This is that moment of peace and tranquility after Chaos when hope returns, the sacrifice is made and new vision is gained from the ruins of the former year.

This is the year of great decision. Stepping from one age to another all in such short time is scary. Looking back on the wreckage of the previous conflict and looking into an uncertain future a decision must be made. The nation cannot repeat the past or go back into it, former things are now passed away, so it must go into a completely new unfamiliar unplanned for future. The only thing necessary is

the courage and faith to make the first step into the future. It is here that the inexperienced arises to the occasion by not being confined to one way of doing things. Flexibility will become their saving grace as they are willing to change the direction the nation is going in.

The sweeping changes help to usher in a sense of unity in the nation, closing the gaps, pulling in the divides and weakening the disparities. A new mindset has taken hold of the nation, the people are now in sync with their leadership and positive reconstruction is put into order. A bond was made between the nation's leadership and the people which was sealed by the powers of heaven and in the past years both leadership and the people have traveled a bumpy road together but now change has come and they will share in a new prosperous beginning.

2014 is a sigh of relief after all the nation has been through. The previous turbulent times are over. The nation will celebrate as it approaches a major turning point in its destiny.

#### Winter 2014

The Divine hand of God has touched down and now results in something profound. The year 2014 begins in the winter season and a great Divine torch is lit in the nation which brings light, knowledge, wisdom, vision and clarity to mankind. Hope is restored in mankind and a new destiny ordained by God is set. The past is in the past, bygones be bygones, let us build together. God touches this nation in a profound way that will leave a mark for many years to come.

#### Spring 2014

The nation enters a chilly spring. The people have cooled off emotionally and are more level headed. But evil never gives up and is still lurking about trying to bring back Chaos. It is a very crucial time which hangs like a thread on the balance,

one false move and everything will tumble down again. Patience of the leadership and the people is called upon as the situations move at a slow pace. The people want immediate change but the Will of God dictates otherwise.

This is a delicate season when things must be weighed and planned carefully. Leadership will be trying to find its confidence and prepare for the days ahead. Words are spoken like feathers so as not to offend and cast the nation back into Chaos.

Summer 2014

A veil has been placed over this season.

Fall 2014

This is the season of departure. There is a general mood of abandonment of the old ways going through the land. Everything is looked at and analyzed and all agree that things should be done better. There is nothing to loose, no one has anything to hold onto. No one has to say anything; all know in their heart that it's time to move on.

## **Prelude to the Year 2015**

The sickle was often used by angels to cut down a nation or an evil person but also to clear the way for a new harvest for God. The sickle twofold instrument that holds a twofold spiritual meaning of both life and death. Death or the grim reaper as many know him is often shown holding a sickle. Yet, even death itself is not a dead end but also life after the grave as promised *Revelations 21: 5,6*

*"And he that sat upon the throne said, Behold, I make all things new. And he said unto me, Write: for these words are true and faithful. And he said unto me, It is done. I am Alpha and Omega, the beginning and the end. I will give unto him that is athirst of the fountain of the water of life freely."*

There is a rare and sacred moment in time when the old must leave and the new begin. To be able to let go of the old and clear the way for the new is power. A sickle will swing across the nation trimming the old dead grass away so that new grass can grow.

## The Year 2015

Isaiah 65:1-10

*I am sought of them that asked not for me; I am found of them that sought me not: I said, Behold me, behold me, unto a nation that was not called by my name. I have spread out my hands all the day unto a rebellious people, which walketh in a way that was not good, after their own thoughts; A people that provoketh me to anger continually to my face; that sacrificeth in gardens, and burneth incense upon altars of brick; Which remain among the graves, and lodge in the monuments, which eat swine's flesh, and broth of abominable things is in their vessels; Which say, Stand by thyself, come not near to me; for I am holier than thou. These are a smoke in my nose, a fire that burneth all the day. Behold, it is written before me: I will not keep silence, but will recompense, even recompense into their bosom, Your iniquities, and the iniquities of your fathers together, saith the LORD, which have burned incense upon the mountains, and blasphemed me upon the hills: therefore will I measure their former work into their bosom. Thus saith the LORD, As the new wine is found in the cluster, and one saith, Destroy it not; for a blessing is in it: so will I do for my servants' sakes, that I may not destroy them all. And I will bring forth a seed out of Jacob, and out of Judah an inheritor of my mountains: and mine elect shall inherit it, and my servants shall dwell there. And Sharon shall be a fold of flocks, and the valley of Achor a place for the herds to lie down in, for my people that have sought me.*

This is the year of difficult beginnings. Something is trying to be birthed but it is not quite the time and the change winds have not finished with the nation. Yet, the people are at ease, they wait in peace, silence and with great anticipation for the new age to begin. There is something in the air,

everyone can feel it, something is about to happen that will complete the shifting to the new age.

In this year of profound waiting and anticipated change, some will grow impatient and want to force a change instead of waiting on the Will of God to be done. They will be exposed and ridiculed for what they have done. They will invoke Chaos upon themselves and others. For a brief moment Chaos will rule until the nation regains itself. The change winds will blow again ushering in the new age. Peace has been made with the past and now America can move into its new destiny. A destiny that is in question.

#### Winter 2015

This is the season of caution. The cold dangerous times are brought about from the injuries of the past. As planning for renewal begins all sensitivities are taken into consideration. There is a sense of well being established among the people from the notion that at least things are being planned and organized to bring back stability. The people rest and eat in comfort during the sluggish winter waiting for the breakthrough. Enjoy this season of solitude while you can.

#### Spring 2015

This is the spring of reality. America takes a look at itself, its values, imperfections and weaknesses. Things once thought appropriate and admirable are no longer so but held in contempt. There is a driving force throughout the nation to rebuild on something real and good for all. All sides are looked at and everything practical and realistic is taken into consideration.

Leadership has to do a reassessment of things and then make their decisions. From the ruins of the past can come many things but what waits in the future is something strange and new.

### Summer 2015

This season is in stark contrast to the previous summer of intensified heat and chaos. People begin to look back at their actions, all that was lost and the passions of those times have now passed. The people are ready to leave the past behind them and move on into the future. Weary from things that have not worked. Weary from toiling away for nothing. The nation is in a peculiar state of affairs, ready to cross any threshold that presents itself just for the sake of moving on.

### Fall 2015

America turns inward and focuses on its own shores. Like an island to itself it heals from the past Chaos. All emphasis is placed upon America's own infrastructure and improving the conditions for it's own people. No longer a global bully by any means the nation must look at securing itself and bringing together its own people. Strength comes from within. Like so many great nations of ancient times, America stands the chance of being destroyed by its own discontent from within, unless it can correct itself.

## **Prelude to the Year 2016**

The year 2016 is a very important year because of the leadership which will take the helm. This person is special because they hold the balance and destiny of the nation in their hands. Wars will be fought in the heavens over the domination of this person's soul. Lucifer will fight Michael and the winner will have control over the most powerful human on earth. This person will be the new President of America.

The new powerful leader will have a dynamic charisma about them and will capture the attention of the entire world. They will speak with a voice of confidence, finality, conviction and authority to such a degree that no one will dare challenge them except for a few power hungry persons who will throw rocks from the shadows. The new leader will have a firm hand on things which will be much needed in the early years but seem excessive in later years.

The most important decision on earth will have to be made by this individual and it will be a private personal decision which can have public catastrophic results. It is a chain reaction from what is happening in the spiritual realms. The wars in the heavens over this person will manifest itself in an internal struggle between good and evil within the person. The internal struggles of the leader will manifest themselves in through their actions in the physical world. One false move, wrong decision and everything is cast back into chaos but if the right decisions are made the country could propelled to a level of superpower and greatness that has never been experienced.

## The Year 2016

*Isaiah 14:12-14*

*How art thou fallen from heaven, O Lucifer, son of the morning! How art thou cut down to the ground, which didst weaken the nations! For thou hast said in thine heart, I will ascend into heaven, I will exalt my throne above the stars of God: I will sit also upon the mount of the congregation, in the sides of the north: I will ascend above the heights of the clouds; I will be like the most High. Yet thou shalt be brought down to hell, to the sides of the pit.*

*Ezekiel 28:12-15*

*And the prince that is among them shall bear upon his shoulder in the twilight, and shall go forth: they shall dig through the wall to carry out thereby: he shall cover his face, that he see not the ground with his eyes. My net also will I spread upon him, and he shall be taken in my snare: and I will bring him to Babylon to the land of the Chaldeans; yet shall he not see it, though he shall die there. And I will scatter toward every wind all that are about him to help him, and all his bands; and I will draw out the sword after them. And they shall know that I am the LORD, when I shall scatter them among the nations, and disperse them in the countries.*

The year two thousand and sixteen is a very special year because a powerful person will take the leadership of the nation. This person is like no other before them and has unlimited potential to not only lead the nation but the whole Americas. This is the year when Americans will take a deep breathe of fresh air in a sound new leadership that will take charge with confidence, experience and vision. Nothing of this magnitude has been seen in this nation since the vision of the founding fathers.

Harmony and unity will be established in the nation and a new form of patriotism will emerge. This will be a patriotism that has been fought and struggled for that will bring tears to people's eyes and a swelling in the heart. This feeling of pride and accomplishment will touch down to every race, ethnicity and faction in the nation. This is the year of new glory, a nation determined to survive and overcome the obstacles, its enemies and the corruption within. The Ultimate Plan that has been brewing through the years has yet to be accomplished but this leadership will bring it closer to fruition than any other.

#### Winter 2016

A shining bright light comes into being and cuts through the cold dark winter bringing new hope, guidance and direction to a torn and demolished nation. All former things will be passed away and the nation celebrates. Good times await the people as their faith in mankind is renewed and their belief in God is strengthened. This winter season is like no other, there is something in the air which speaks of better times to come. The people have confidence in a strong leadership that is decisive and full of vision. Perhaps they will put too much trust in this leadership.

#### Spring 2016

Spring gives birth to a struggle between night and day, light and dark, evil and good. God has sent a new guiding light upon America for a reason and those who oppose it will not win, it is here for a reason and the destiny of America rests upon it. Whether the light rises to the occasion or falls into darkness doesn't matter because the prophecy of St. John at Patmos will be fulfilled.

This is the season when a commitment will be made to do what is right but will be faced with strong opposition. The opposition cannot accept change and trying desperately to

hold onto its on convictions, ways of doing things and deep rooted ideologies. The coming changes will not benefit them and they know this and so they fight it with everything they have, but they will not win.

#### Summer 2016

This is the summer of difficult births as the light of the nation continues to battle with the dark side which clings desperately for life. All of this must happen; they are the birth pains of a new nation being born. A difficult birth which will produce in a short time unfold blessings. The nation mourns a loss this summer but it must happen.

Satan mates with the old whore called Babylon and while the nation attempts to give birth to a great new age, Satan is trying to give birth to a multitude of sinful creatures to be unleashed upon America in coming years. Another prophecy for another time.

#### Fall 2016

A veil has been placed over this season.

## **Prelude to the Year 2017**

King Solomon is considered one of the greatest leaders of ancient times. He built a magnificent temple to God made of the most precious and valuable resources on earth. Kings and Queens traveled from around the world to pay homage to this great king.

King Solomon represented wisdom and human weakness. He also represents excess and slavery. He thought nothing of trading thousands of Israelites for gold and the wood of Lebanon. The Israelites suffered greatly under King Solomon but nevertheless endured it for the sake of building the temple to God. Though he had a noble vision there can be no doubt that King Solomon administered a harsh and oppressive rule over his people.

America is about to receive her own version of King Solomon.

## The Year 2017

*Genesis 11:1-9*

*And the whole earth was of one language, and of one speech. And it came to pass, as they journeyed from the east, that they found a plain in the land of Shinar; and they dwelt there. And they said one to another, Go to, let us make brick, and burn them thoroughly. And they had brick for stone, and slime had they for mortar. And they said, Go to, let us build us a city and a tower, whose top may reach unto heaven; and let us make us a name, lest we be scattered abroad upon the face of the whole earth. And the LORD came down to see the city and the tower, which the children of men builded. And the LORD said, Behold, the people is one, and they have all one language; and this they begin to do: and now nothing will be restrained from them, which they have imagined to do. Go to, let us go down, and there confound their language, that they may not understand one another's speech. So the LORD scattered them abroad from thence upon the face of all the earth: and they left off to build the city. Therefore is the name of it called Babel; because the LORD did there confound the language of all the earth: and from thence did the LORD scatter them abroad upon the face of all the earth.*

The nation has been in a state of constant deterioration and near condemnation, the new leadership has been unfortunate to inherit the mess. The Year of our God two thousand and seventeen is the year of construction and rebuilding. God will send a spirit of action, construction and rebuilding throughout leadership and the people. This year will see a whole new batch of founding fathers of a renewed nation, government and infrastructure.

Leadership will lead the way and motivate the masses to work in a spirit of unity unseen before. The construction of this new America is spectacular and will rival all former structures and existing structures. Man will pour his heart and soul into the work as if he were building a new and improved Tower of Babel.

#### Winter 2017

This is the season when situations will take a dramatic turn and things begin to change. The times will seem a little confused but the hand of God is involved here and Spirit will guide those in charge to do what is right to get this nation on the right track. This is the season when God intervenes once again in the affairs of man in order to get man where he should be. However, this intervention may not be outright but subtle and unnoticed. Those people of the Spirit will be able to see the hand of God at work in this season. Those who are not of God will miss it altogether. Some have a spirit of sincerity to see things improved while others are driven by a renewed sense of self-serving interest.

#### Spring 2017

The spring season brings an icy chill over a nation which is in the midst of a great change. Affairs must be handled with precision and caution in order to keep the nation on a steady course. The boat must not be rocked. Leadership is capable of maintaining the balance and keeping the nation from harm. The people put their trust in a firm leadership that has breadth of vision and can see the path ahead that must be traveled. Not of man's own strength but this is all due to the hand of God leading the way.

Leadership must not mistake their extraordinary vision and ability as their own devices but credit God as the source. Without God, leadership would have no power or vision. Hopefully, leadership will not become another fallen angel of light.

### Summer 2017

Leadership takes firm control of the nation and engages the people in a spirit of rebuilding. This is the summer when the people come together as one with the leadership and begin to construct a renewed land. This is the season when leadership will take a long hard look at the nation and chart a course of action that is in tune with the vision given them. There is a part of leadership which wants to do what is right. Leadership does not want to lead a rag-tag nation of ruins but a dynamic new world superpower that is second to none.

### Fall 2017

This is a season when the old departs and new begins in earnest. Eyes are looking to the future with anticipation and anxiety of what it holds. America takes a rest in order to regain its perspective. Leadership takes a break to gain strength for what it must do in the days and years to come. This is the threshold America must cross to enter its new destiny as it continues with rebuilding and reconstructing itself into a better land for all.

Leadership contemplates the potential of its power and begins to ponder on impure and corrupt things. There is a spiritual war taking place within between good and evil.

## Prelude to the Year 2018

*Psalms 124*

*If it had not been the Lord who was on our side, now may  
Israel say.*

*If it had not been the Lord who was on our side, when men  
rose up against us:*

*Then they had swallowed us up quick, when their wrath was  
kindled against us:*

*Then the waters had overwhelmed us, the stream had gone  
over our soul:*

*Then the proud waters had gone over our soul.*

*Blessed be the Lord, who hath not given us as prey to their  
teeth.*

*Our soul escaped as a bird not given us a prey to their teeth.*

*Our soul is escaped as a bird out of the snare of the fowlers:  
the snare is broken, and we are escaped.*

*Our help is in the name of the Lord, who mad heaven and  
earth.*

## The Year 2018

Revelations 13:9-18

*If any man have an ear, let him hear. He that leadeth into captivity shall go into captivity: he that killeth with the sword must be killed with the sword. Here is the patience and the faith of the saints. And I beheld another beast coming up out of the earth; and he had two horns like a lamb, and he spake as a dragon. And he exerciseth all the power of the first beast before him, and causeth the earth and them which dwell therein to worship the first beast, whose deadly wound was healed. And he doeth great wonders, so that he maketh fire come down from heaven on the earth in the sight of men, And deceiveth them that dwell on the earth by the means of those miracles which he had power to do in the sight of the beast; saying to them that dwell on the earth, that they should make an image to the beast, which had the wound by a sword, and did live. And he had power to give life unto the image of the beast, that the image of the beast should both speak, and cause that as many as would not worship the image of the beast should be killed. And he causeth all, both small and great, rich and poor, free and bond, to receive a mark in their right hand, or in their foreheads: And that no man might buy or sell, save he that had the mark, or the name of the beast, or the number of his name. Here is wisdom. Let him that hath understanding count the number of the beast: for it is the number of a man; and his number is Six hundred threescore and six.*

The year of our God two thousand and eighteen closes out this prophecy. This is an extraordinary year full of promise and hope never before experienced in this nation. God has opened a flood gate of blessings upon America.

Leadership has become the most powerful person on earth. The weight of the world is in their hand. Such absolute power can be frightening because history has proven Absolute power corrupts. With this awesome sense of power in the nation and its dynamic leadership the question arises, where will this great leader lead the nation? Will it go back into chaos or will it move on to a higher and improved state of being? The balance is still, with the weight in the leaders hands.

Satan was also a bringer of light, the most beautiful and exalted angel made by God. Power corrupted him and he fail to his lower state. Will the Divine history repeat itself and a light among man be turned into an abomination to God?

A situation exists in which the use of excessive force comes to question. It is in this situation that leadership will cast the weight upon the scale and send the nation into its new destiny. There is the potential for leadership to become grandiose in their power and overly aggressive in their tactics. There is the potential for leadership to become self serving and corrupt with so much power. How much power can a man hold without succumbing to its sway? Will the leadership be a righteous person and be on guard against the potential dangers within themselves? If they can overcome their own inner-weaknesses they can lead this nation and the entire world to further greatness.

This is the year of the launching of a whole new age for America that will be unrivaled. There is the potential for great prosperity, spirituality and growth in mankind.

### Winter 2018

The winter season of 2018 piggy backs off of the message for the fall season of 2017. A continuation of things is hinted here by the Spirit. The breath has been taken and now the task will be started. Old business has been dealt with and new business put on the table. This is the season of continued vision of a brighter future for America in which both leadership and the masses share. God is giving America a second chance, the opportunity to redeem and rebuild itself.

### Spring 2018

This is the spring of powerful force. Like a charging bull an unstoppable force is cast into the path of America causing rough times for all. The power of the leadership is felt and seen by all. Never has the nation been led by such a powerful force. It is a strong durable force that is to be reckoned with but with all of its might and muscle it is still not above God. It is turned excessive, and flexes its muscle just for the mere show of it. All of this is unnecessary.

This is the season when potentials run high and the people look on with confusion and hesitancy. Wanting to trust and believe because they have never had a strong leadership like this before and they have led them so well. Yet, there is an instinct within the people especially the spiritual which picks up on the unseen war being waged within their leadership. There is a struggle between good and evil brewing inside and only time will tell which one will walk away with the victory. Regardless, prophecy must be fulfilled.

### Summer 2018

Two partners become out of step, one is leadership and the other is the masses. This is the season of imbalance. Leadership has lost touch with the masses with its aggressiveness and over assertive actions which are unnecessary for the times. This is the summer of disjointed attempts, failed ideas and misunderstandings. An alignment with the times is necessary or danger will once again loom over the nation.

The unseen spiritual warfare continues from the prior season. Satan struggles with Michael over the fate of the nation. Legions of angels are at war against the old whore spirit called Babylon who has managed to establish her throne in America. The prize is the heart and soul of leadership, with it, multitudes can be saved or damned.

### Fall 2018

Though it is the season of contemplation in the sacred cycles of God's Will it is a season of new birth as well. Totally out of concept with our preconceived notions of how the cosmos flow. This fall season is the birth of something good and great for all. A season that promises renewed and abundant prosperity for all. Good and greater times are coming to the nation. Greater than any before. Wealth is being prepared and conjured for the nation. Like this season, the wealth that is to come is of a peculiar nature, unnatural and out of season. It is a wealth that will not rest well with the soul and will have many strings attached to it.

Fools gold is what it is and everyone will seek to buy it. Only a handful will be able to see truth of what is really going on and they will be the ones who are faithful to God. The rest of the nation will become blind, naked, brainwashed and spiritually washed by the abundance of wealth being bestowed upon them. The people will forget the days of darkness and struggle and become cold and heartless.

God will not forget. God has never forgotten.

## **The Great Whore Babylon & America**

Did you know that Babylon is more than a nation of the Old Testament and more than a Great Whore of the New Testament? Babylon is an ancient old spirit that has been around since before the world began. She is one of the powerful spirits that Satan uses to consume, not just one person but multitudes of people. In the Old Testament the Spirit of Babylon brought an entire Kingdom to rubble, which now lies in modern day Iraq. The government didn't tell you that when they invaded Iraq, that they discovered Saddam Hussein had tried to rebuild ancient Babylon. On each brick he had the words printed "This was built by Saddam Hussein, Son of Nebuchadnezzar, for the glory of Iraq". Saddam had a gigantic portrait of himself made, with him standing beside Nebuchadnezzar and had this portrait placed at the entrance to the ancient site of Babylon.

In the end times, Satan will become desperate for souls and will turn the Spirit of Babylon loose upon the world again to consume multitudes of souls, causing masses of people to fall from God and commit unspeakable sins, dooming an entire land, like Sodom and Gomorrah. This time it want be in Iraq but right here in America. The way for the Spirit of Babylon's return is being prepared right here in America. This is what the church is not teaching you or helping you to prepare for. In Ephesians 6:11, 12 it tells us:

*"Put on the whole armour of God, that ye may be able to stand against the wiles of the devil. For we wrestle not against flesh and blood, but against principalities, against powers, against the rulers of the darkness of this world, against spiritual wickedness in high [places]."*

Unfortunately, many people today will not be able to withstand the schemes of Satan and the evil forces he will unleash upon the world. The Bible states that even the very elect will be fooled. I invite you to come and learn the

spiritual things of God, learn what power God gives you over Satan and his entire domain. The Spiritual Knowledge is here for those who thirst for more of God's word, who are ready for the meat of God's word. Don't be left in darkness and ignorance, subject to every evil spirit that comes your way. Now is the time to start building your spiritual strength. You will need it for the uncertain and trying times ahead here in America.

## State of the World

*But understand this that in the last days there will come times of stress. For men will be lovers of self, lovers of money, proud, arrogant, abusive, disobedient to their parents, ungrateful, unholy, inhuman, implacable, slanderers, profligates, fierce, haters of good, treacherous, reckless, swollen with conceit, lovers of pleasure rather than lovers of God, holding the form of religion but denying the power of it. 2 Tim 3:1-5*

People all over the world will grow weary, tired and angry at being oppressed, marginalized and used by their governments and the wealthy. If the wealth of the world is not distributed more evenly the world will become consumed with violence and chaos. The poor, the down trodden and oppressed are continually being pushed into a corner, giving birth to resentment and desperation. If the world will not give them their share of wealth, they will have no choice but to take it by whatever means they see fit. In essence the world's greed is helping to bring out the inherent anger, violence and remorselessness of mankind. In the coming years the world will witness what happens when people are driven to the edge.

The future holds violence because everyone wants to be rich and powerful and will have no limitations as to how this should happen. Kidnapping, murdering, hostages, terrorism will become a common everyday occurrence. Even those who want to get their message out to the world whether it is religious or political will resort to violent means. We will witness cities of the world being ravaged by strife from the violence of the people. When violence, destruction and death become an everyday occurrence and part of the fabric of the societies of the world, what comes next? Chaos.

This is no pipe dream all of this will happen one day. It doesn't take a rocket scientist to figure out that all of the violence, gore and greed we are feeding our younger generations today will take root and bring about a corrupt new breed of people. When it becomes acceptable to view death, destruction, violence and crime as entertainment a license is issued to commit these acts within society. When it becomes comical and okay to put the concept of God on the movie screen and television shows a license for a Godless society is given. If mankind will not fear God they will not fear anything, no laws, no punishment and certainly not the wages of sin. If there is no respect for God how can there be respect for anything else. This is the crude path the world is on.

Nuclear bombs are the least of our worries. This earth will not be wiped out by nuclear explosions but by the naked violent hands, selfish greed and special interest of mankind. This world will not get better; it will get worse until it annihilates itself.

## **ABOUT TECHNOLOGY**

This world will experience a bright future of amazing technology but the technological advances will create a twofold world. For so many years the world has witnessed more people become wealthy. There use to be a time when only the super wealthy could afford certain things and others had to dream about them but all of that has changed as more people have become wealthy and are able to afford the things of the super wealthy. Technology is going to be the dividing line which will separate the newfound wealthy from the super rich hierarchies. This world is going to experience technological advances in medicine, business and luxuries that will make today's technology seem like Stone Age relics but most of these advancements will only be available to the super wealthy of the world. The difference between the haves and the have not's will become like night and day and technology will be the deciding factor.

Artificial memory, virtual realities and powerful systems will make those who are able to afford these things feel as if they are a god. They will have a false power in their hands that will consume them and become cold and calculating like the things they adore. This type technological power is frightening because it places the value of circuits over the life of human beings.

## **CONCLUSION**

The twist and turns of the seasons to come, the ups and downs of the years are the physical manifestations in our world of what is taking place in the spiritual realms. A great Spiritual war is about to take place in the heavens which will effect the fate of mankind in the coming years. Everything I have written in this book is a result of this war which will begin soon. We have assurance from the Revelations of St. John that the final victory will rest with God but who will be able to endure the years ahead and remain steadfast to God while all the world around them is cast into Chaos? The question of the ages from the birth of mankind until the destruction of this earth is, "Who will be able to endure until the end?"

## PSALMS 91

*He that dwelleth in the secret place of the most High shall abide under the shadow of the Almighty. I will say of the LORD, He is my refuge and my fortress: my God; in him will I trust. Surely he shall deliver thee from the snare of the fowler, and from the noisome pestilence. He shall cover thee with his feathers, and under his wings shalt thou trust: his truth shall be thy shield and buckler. Thou shalt not be afraid for the terror by night; nor for the arrow that flieth by day; Nor for the pestilence that walketh in darkness; nor for the destruction that wasteth at noonday. A thousand shall fall at thy side, and ten thousand at thy right hand; but it shall not come nigh thee. Only with thine eyes shalt thou behold and see the reward of the wicked. Because thou hast made the LORD, which is my refuge, even the most High, thy habitation; There shall no evil befall thee, neither shall any plague come nigh thy dwelling. For he shall give his angels charge over thee, to keep thee in all thy ways. They shall bear thee up in their hands, lest thou dash thy foot against a stone. Thou shalt tread upon the lion and adder: the young lion and the dragon shalt thou trample under feet. Because he hath set his love upon me, therefore will I deliver him: I will set him on high, because he hath known my name.*

*"He shall call upon me, and I will answer him: I will be with him in trouble; I will deliver him, and honour him. With long life will I satisfy him, and shew him my salvation."*
